About *Wash Over You*

Make a fresh start with three average adventurers. Is it planned out? No. The river is as unpredictable as the tornado that whisked Dorothy away in the "Wizard of Oz." Luckily enough there are stopping places but can they get "Off the Boat?" Along the way, you'll be on a raft, on dry land, and on the wrong side of the fence. The only thing to do is pack your bag, stuff your friend into a trunk, and let this new work *Wash Over You*.

Music is by audio producer, violinist and composer David Schulman. Video by Jane Franklin references stop motion animation and supplies a whimsical and intermittent backdrop as the journey progresses. Fish swim past the players, a quick brown fox jumps over a lazy dog; while later on, sea waves are placed in the background. Once you get all the way to *Playa Verde*, you are invited to devour a delicious chunk of ice-9 and read your fortune.

We are all interested in the future, for that is where you and I are going to spend the rest of our lives! ... So please row on, the only limit is yourself.
